Chain puller 125 mm

Chain puller

Due to the overall weight it is often extremely cumbersome to assemble two chain ends without any tools.

By means of our practical chain puller, the two ends of the chain are pulled together far enough for a connecting link to be mounted without any difficulties.

This chain puller can be supplied in two sizes:

No.	For chain pitches p	Clamping width	Weight
135	12,7 bis 19,05 mm	50,0 mm	0,2 kg
180	25,4 bis 63,50 mm	125,0 mm	1,0 kg

Chain puller 50 mm
